

MLS NEXT

MLS NEXT provides the best player development experience in North America. MLS NEXT players have access to the highest levels of competition and training to prepare them for their futures, both in soccer and life. MLS NEXT is a national program and the highest elite program for boys and the only league in the USA to be partnered with the country's highest level of professional soccer, the MLS. Murrieta Soccer Academy is humbled and honored to be a founding member of MLS Next and the only club in the valley that offers this opportunity. This pathway is open to ALL players who possess the talent, desire, passion and drive to become the best. Our players work hard in their journey and have progressed through our SOCAL and EAL programs to advance to our very elite MLS NEXT level. The league is specifically designed to provide a highly competitive national development program for the highest elite players to flourish, grow, and achieve their dreams and goals. This program is staffed by our highly licensed, talented, and experienced professional coaches who thrive on developing our young players. They take great pride that our players are scouted and recruited by professional academies both in North America and the world as well as by some of the highest-ranked colleges in the USA. Many of our elite athletes have been recruited to colleges and at this time 19 players have been scouted and invited out to MLS professional academies to train and 8 have been signed to academy contracts with professional clubs.

Out-of-state travel for both league games and showcase tournaments is part of this program and is mandatory. Our players are expected to be fully committed to the program and must have maximum participation and attendance in all aspects including training, league games, and tournament play.
